PROFILE

Frontend Software Developer with 3 years of hands-on experience building responsive, user-focused web applications. Skilled in modern JavaScript frameworks (Vue.js/React), component-based architecture, UI/UX, and performance optimization. Ability to translate requirements into quality interfaces, deliver scalable frontend solutions, and collaborate effectively within teams. Good at managing project details from scratch to deployment, producing clean, maintainable code aligned with industry standards. Ready to contribute technical expertise and a strong commitment to product excellence.
